Siles Mellichamp our beloved Pastor. Resolved, That we bow in humble submission to the will of our Heavenly Father, who has seen fit to call hence our cherished and venerable Pastor, whose whole life was a monument to the truth of the Christian religion—a man truly without guile, and one who walked with God. Resolved, That while lamenting our irreparable loss, we rejoice in the thought that he is now praising the God he loved, in a land where sin and sorrow are unknown, and reaping that bountiful harvest, promised to those who toil and sow in this vale of tears. Resolved, That we tender our heartfelt sympathies to his widow and devoted family, and that a copy of these resolutions be sent to them. JOHN LUCAS, Chairman. James H. Fowles, Secretary.

South Carolina Department.

Life Association of America. has agents H. HAY & HAGOOD, General Agents, Charleston, S. C. Actual Assets, June 1st, 1872, \$3,617,153.50.

We call attention to the following facts: 1st. No company in the world has attained the same success in so short a period. Why? Because the Life Association invests its money in every locality where it operates, thereby putting capital where capital is needed, and making the facilities for insuring easier. It is not an adventure gotten up for the benefit of stockholders, but a purely mutual company, managed entirely for the benefit of those who take policies in it. All the surplus or profits is returned to them annually in the shape of dividends. As it invests its funds at 10 per cent, while New York companies being compelled by law to invest in their own State, only earn 6 to 7 per cent. We claim that our dividends will be larger and consequently insurance cheaper than any New York company. nov 27-3mo

THE SUPERB STILL MACHINE. NEW FAMILY-SEWING MACHINE.

WITH ATTACHMENTS FOR ALL KINDS OF WORK. This NEW FAMILY SEWING MACHINE is capable of a range and variety of work such as was once thought impossible to perform by machinery. We claim and can show that it is the cheapest, most beautiful, delicately arranged, most easily operated, and most uniformly running of all the Family Sewing Machines. It is remarkable not only for the range and variety of its sewing, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk, twist, linen or cotton thread, fine or coarse, making the interlocked elastic, such as on both sides of the fabric sewn. Thus, heavier cloth, or leather, may be sewed with great strength and uniformity of stitch; and, in a moment, this willing and never wearying instrument may be adapted for fine work, such as the finer tissue, or the tucking of tarlatan, or ruffling, or almost any other work which delicate fingers have been known to perform. At the world's fair it received the great award of the highest sales. J. K. White, Agent Office at Engine-Block, Orangeburg, S. C. jun 6

The Aldine.

An Illustrated Monthly Journal, universally admitted to be the Head and Front of the World. A Representative and Champion of American Taste. Not for Sale in Book or News Stores. THE ALDINE, while issued with all the regularity, has none of the temporary or timely interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light and graceful literature; and a collection of pictures, the rarest specimens of artistic skill, in black and white. Although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of THE ALDINE, will be most appreciated after it has been bound up at the close of the year. While other publications may claim superior cheapness, as compared with rivals of a similar class, THE ALDINE is a unique and original conception—alone and unapproached—absolutely without competition in price or character. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any other shape or number of volumes for ten times its cost; and then, there are the chromos, besides!

ART DEPARTMENT.

The publishers are authorized to announce designs from many of the most eminent artists of America. In addition, THE ALDINE will reproduce examples of the best foreign masters, selected with a view to the highest artistic success, and greatest general interest; avoiding such as have become familiar, through photographs, or copies of any kind. The quarterly tinted plates, for 1873, will reproduce four of John S. Davis' admirable child-portraits, appropriate to the four seasons. These plates, appearing in the issues for January, April, July, and October, would be alone worth the price of a year's subscription. The popular feature of a copiously illustrated "Christmas" number will be continued. To possess such a valuable epitome of the art world at a cost so trifling, will command the subscriptions of thousands in every section of the country; but, as the usefulness and attractions of THE ALDINE can be enhanced, in proportion to the numerical increase of its supporters, the publishers propose to make "insurance doubly sure," by the following unparalleled offer!

PREMIUM CHROMOS FOR 1873.

Every subscriber to THE ALDINE, who pays in advance for the year 1873, will receive, without additional charge, a pair of beautiful oil chromos, after J. J. Hill, the eminent English painter. The pictures, entitled "The Village Belle," and "Crossing the Moor," are 14 x 20 inches—printed from 25 different plates, requiring 25 impressions and time to perfect each picture. The same chromos are sold for \$50 per pair in the art stores. As it is the determination of its conductors to keep THE ALDINE out of the reach of competition in every department, the chromos will be found correspondingly ahead of any that can be offered by other periodicals. Every subscriber will receive a certificate, over the signature of the publishers, guaranteeing the samples furnished to be agents of the money that is expended. The distribution of pictures of this grade, free to the subscribers to a few dollars per year, will mark an epoch in the history of Art; and, considering the unprecedented cheapness of the price for THE ALDINE itself, the marvel falls little short of a miracle, even to those best acquainted with the achievements of inventive genius and improved mechanical appliances. (For illustrations of these chromos, see November issue of THE ALDINE.)

THE LITERARY DEPARTMENT.

will continue under the care of Mr. RICHARD HENRY TODDARD, assisted by the best writers and poets of the day, who will strive to have the literature of THE ALDINE always keeping with its artistic attractions.

TERMS.

\$5 per annum, in advance, with Oil Chromos free. THE ALDINE will, hereafter, be obtainable only by subscription. There will be no reduced or club rate; cash for subscribers must be sent to the publishers direct, handed to the local agent, without responsibility to the publishers, except in cases where the certificate is given, bearing the facsimile signature of JAMES SUTTON & Co.

AGENTS WANTED.

Any person, wishing to get permanently as a local agent, will receive full and prompt information by applying to JAMES SUTTON & Co., Publishers, 58 MADISON LANE, NEW YORK.
